The date spreadsheet that was put together for Bridges/ Culvert was reviewed and will be given to the Road Crew to see if they can collect some of the data.

Once 85% of the data that has been collected is filled in then the Planning Commission will review again.

A discussion on the training Facility and the next steps was discussed. The goals for the property need to be reviewed as it seems to fit in three categories, being a training facility for fire departments, a possible park for the community, and a municipal complex.
